Key:—The census serial numbers for Tumkur Town run from 1 to 7100. To facilitate work these forms were made into books of 20 sheets each.

Any given census serial number will be found in the book; the number of which can be found easily by dividing the serial number by 20 and adding 1 to the quotient if there be any remainder.

If there be no remainder, the quotient itself gives the number of the book.

Thus for 5721 and 4810, the book numbers are 287 and 212, respectively. Once the book number is ascertained the locality is known from this appendix. Appendix II furnishes the area assigned to each depot and the fresh ration card will be available at the Depot concerned.
